

CALIFORNIA PLAZA

*A Class A Commercial Office Building in Walnut Creek, CA
adding unique tenant offerings*

FITWEL & ZEN GARDEN

Cal Plaza was Fitwel certified in December 2020. What does this mean? It means a healthier, happier workplace for you and your employees. Fitwel certified office buildings improve occupant's well being, employee performance, retention, and recruitment. A new Fitwel addition is our Zen Garden located on the far north side of the building with chairs, benches and a vegetable garden you can harvest from.

MEETING SPACE

Cal Plaza's The Hub Conference Center offers meeting space from 2 to 48 people depending on your meeting needs. We also offer a state of the art kitchen for use by your group for catered meals to post get together. All space is complimentary for tenants.

BANDWIDTH & BOCCE

We have increased bandwidth in our various outdoor spaces for better and faster connections. Bringing your work outside to the Plaza level has never been easier and a great way to get your daily Vitamin D. Once your work is done check out the bocce balls for a quick game and meet your colleagues or some new tenant friends!

FOOD TRUCKS

Cal Plaza in conjunction with Walnut Creek Center have partnered with FOOD TRUCK MAFIA to have various food trucks on the 1st & 3rd Wednesday of the month. The trucks are for our tenants ONLY no FT followers are allowed. It's a nice break from brown bagging or Doordash. We have enjoyed Mexican, Columbian, Gyros, Burgers, Celtic, Lobster, Middle Eastern to name a few.

FARMERS MARKET

In 2020 we partnered with an organic wholesaler named Golden Gate Organics. We had them come to our building with four types of the freshest fruits & vegetables along with recipes, farming and cultivating knowledge of where the food was grown and coming from. In 2021 we hope to expand our private farmers market with local farmers for an abundance of fresh produce choices at least 1-2 times per month. Cal Plaza loves to have our tenants healthy and happy!

SUSTAINABILITY

Cal Plaza Property Management is committed to sustainable efforts for our tenants and the building. We currently have Electric Car Chargers, Recycling Receptacles, FREE shuttle to Downtown steps away right at our fountain on N. California Blvd.
